

Contents

Chapter 1: Age Estimation by Dentition and Physical Examination 1

- Tooth Development 1
- Race from Teeth 1
- Based on Development and Eruption, the Permanent Teeth are Two Types 2
- Estimation of Age from Teeth Beyond 25 Years 5
- Dental Numbering Systems 5
- Color Changes in Teeth 5
- Tooth Eruption Facts 5
- Estimation of Age by Physical Examination 6

Chapter 2: Age Estimation by Radiograph 9

- Ossification Centers 9
- X-Rays 10
- Appearance and Fusion of Ossification Centers of Bones 10
- Stages of Skull Sutures 13
- Age Determination from Pubic Symphysis 15
- Radiological Examination 16

Chapter 3: Examination of Skeletal Remains 21

- Introduction to Skeletal Remains 21
- Handling and Examination of Skeletal Remains 21
- Identification of Bones 21
- Determination of Sex 21
- Identification of Individuals 22
- Estimation of Number of Individuals 22
- Ossification Process of Bone and Anatomical Knowledge 22
- Bone or Not? 22
- Estimation of Age at Death 31
- Determination of Race 32
- Estimation of Stature 34
- Nature of Injury 34
- Time Since Death 34
- Estimation of Age by Pubic Symphysis (Todd's Method) 35

Chapter 4: Examination of a Case of Drunkenness 38

- Definition of Drunkenness 38
- Medical Terminology 38
- Phases of Alcohol Intoxication 38
- Factors Affecting the Alcohol Absorption 39
- Laboratory Investigations 39
- Medicolegal and Legal Aspects of Drunkenness 40
- Scheme of Examination for Certification of Drunkenness (British Medical Association) 41
- Alcohol and its Properties 43
- Certificate of Drunkenness 44

Chapter 5: Examination of Wounds and Methods of Issuing Wound Certificate 47

- General Principles of Wound Examination 47
- Description of Wounds 47
- Classification of Wounds Based on Severity 48
- Types of Wounds 49
- Age Determination of Wounds 53
- Medical Definition 54
- Skull Injuries and Fractures 55
- Examination of the Weapon Used 55
- Legal Aspects of Wounds and Relevant Laws 56
- Homicide 56

Chapter 6: Examination of Sexual Offence Cases 58

- Rape 58
- Punishment: Section 64 BNS 59
- Sexual Offence and Medical Terminology 59
- Natural Variants of Human Sexuality 59
- Examination of the Rape Victim 60
- Provisional Opinion 64
- Final Opinion to be Formulated after Receiving Reports from the Forensic Science Lab (FSL) 66
- Treatment Guidelines and Psychosocial Support 66
- Examination of the Accused 67

- Local Examination of Genitalia 69
- Hymen 71
- Signs of Virginity 72
- Pseudocyesis 73
- Acquaintance Rape 73
- Indecent Assault 74
- Sodomy 74
- Examination of the Passive Agent 74
- Findings in Passive Agent 74
- Sexual Perversions 75
- Hymenal Rupture/Tear 77
- The Protection of Children From Sexual Offences Act—2012 77
- The Criminal Law Act—2013 77
- Examination of Case of Sexual Offences 78
- Physical Examination 78
- Examination of Case of Sexual Offences 80
- Physical Examination 80

Chapter 7: Examination of Fetus82

- Definitions and Key Terms 82
- Live Birth, Still Birth and Signs of Life or Death in the Fetus 82
- Examination of Fetus 84
- Ossification Centers 84
- Methods of Determination of Fetal Age 84
- Fetal Growth by Lunar Months 86
- Final Opinion Format 88

Chapter 8: Viscera Packing.....92

- Viscera and Body Fluids to be Preserved 92
- Preservatives 92
- Mode of Preservation of Viscera 93
- Reasons for Failure in Detection of Poison in Viscera 94
- Final Opinion 94
- Discussion 94
- Interpretation of Toxicology Report 94
- Putrefaction and its Effect on Chemical Analysis 94
- Collection and Preservation of Samples for DNA Examination 94

Chapter 9: Medicolegal Postmortem Examination96

- Standard Procedures in Medicolegal Postmortem Examination 96
- Laboratory Procedure 97

- Instructions for Conducting Autopsy and Writing a Postmortem Report 97
- Standard Reference Values in Postmortem Examination 98
- Autopsy Procedure 99
- Arterial Air Embolism 99
- Technique of Removing Organs 100
- Decomposition 100

Chapter 10: Stature Estimation107

- Factors Affecting Stature 107
- Stature Estimation from Body Parts 107
- Stature Estimation from Long Bones 107
- Formulas Used for Stature Estimation 108

Chapter 11: Medicolegal Importance of Age110

- Legal Aspects of Age 110
- Medicolegal Importance of Various Age Groups 111

Chapter 12: Forensic Clinical Examination113

- Forensic Psychiatric Clinical Case Examination 113
- History Taking 113
- Case Examination 114
- Examination in Poisoning Cases 115

Chapter 13: Guidelines for Medicolegal Cases and Postmortem Examination119

- Pre-autopsy Protocols 119
- Autopsy/Postmortem Examination Guidelines 119
- Medicolegal Cases 138
- Director of Medical Education (DME) Guidelines 139
- Role-Specific Guidelines 139

Chapter 14: Firearm Injuries and Forensic Ballistics142

- Ballistics 142
- Rifling 142
- Rifling in Firearm 142
- Tests for Detection of Firearm Residues 146
- Crime Bullet 146
- Class Characteristics or Primary Markings 146
- Secondary Markings or Individual or Accidental Characteristics 146
- Wounds from Firearms 146
- Shooting Ranges and Associated Effects 146
- Bullets 146
- Blast Injuries 147

Chapter 15: Objective Structured Practical

Examination in Forensic Medicine 148

- OSPE Stations 148
- Bed Side Color Test 153

Chapter 16: Model Spotters 155

- Weapons 155
- Specimens 159
- Identification Marks 162
- Fetal Specimens 162
- Skull Bone Injuries 163
- Firearms and Ballistics 164

Toxicology Spotters 165

- Poisoning and their Specific Antidotes 165
- Treatment of Overdose 165
- Chelating Agents in Heavy Metal Poisoning 165
- Some Important Poisons 166
- Characteristic Features of Some Poisonings 166
- Key Toxicological Facts and Street Names of Commonly Abused Substances 166
- Alcohol 166
- Animal Irritants 167
- Cardiac Poisons 171
- Vegetable Organic Irritants 174
- Spinal Poisons 177
- Deliriant Poisons 178
- Agricultural Poisons 181
- Metallic Poisons 181
- CNS Depressants 187
- Asphyxiants and Others 189
- Additional Poisons 192
- Instruments and Special Spotters 194
- Histopathological Slides 194

Chapter 17: Model Exercises 199

Age and Sex Estimation from Bones 199

- Examination from Skull 199
- Examination from Mandible 201
- Examination from Pelvis 202
- Examination from Sacrum 203
- Examination from Femur 204

Radiological Age Estimation (Joint-Wise) 205

- Shoulder Joint 205
- Elbow Joint 206
- Wrist Joint 207
- Hip Joint 208
- Knee Joint 209
- Ankle Joint 210

Age Estimation 211

Model Certificates 213

- Age Certificate 213
- Wound Certificate 215

Examination of Drunkenness 216

- Physical Examination 217
- Certificate of Drunkenness 219
- Sexual Offence Certificate (Victim) 220
- Potency Certificate 221
- Viscera Forwarding Report 222

Medical Certificate of Cause of Death 227

Stature Estimation from Various Methods 228

- From Diaphyseal Length of Fetal Long Bone 228

Chapter 18: Standard Proformas in

Forensic Medicine 230

Identity, Consent, and General Examination

Proformas 230

- Age Estimation (General) 230

Age Certificate 232

Age Certificate for Athletic Candidate 233

Age Estimation Format 234

- Injury and Assault Proformas 236
- Wound Certificate 237
- Proforma for Health Screening of Prisoners on Admission to Prison 238
- Instructions for the Recording of Marks, Scars and Other Means of Identifying Individuals (See 211 of Tamil Nadu Prison Rules) 239
- Form A Information to Police Assent/Dissent (Medical Termination of Pregnancy in a Survivor) 240
- Form B Communication Made to Police Regarding Medical Termination of Pregnancy without Providing any Identification of the Girl (Victim) 241
- Consent Form: Medical Termination of Pregnancy—Form C (MTP Rules, Rule 8) 242
- Consent Form: Medical Termination of Pregnancy—Form C (Rule 8) 243
- Form I (MTP Rules, Regulation 3) 244
- Form F: Form for Maintenance of Record in Case of Prenatal Diagnostic Test/Procedure by Genetic Clinic/Ultrasound Clinic/Imaging Center—(Proviso to Section 4(3), Rule 9(4) and Rule 10(1a) of PCPNDT Act) 245
- Form G (See Rule 10): Form of Consent (for Invasive Techniques) 249
- Certificate of Production of Electronic Evidence Part A (to be Filled by the Party) 250

○ Model Postmortem Report Form as per NHRC Guideline (Death in Police Custody/During Police Action/Jail) 251	○ Forensic Medicine Department 290
○ Appendix – 'A': Instructions to be Followed Carefully for Detention of Torture 256	○ Fitness Certificate for Employment 291
○ Weapon Examination Report 257	○ Proforma for Recording Dying Declaration by a Medical Practitioner 292
○ Certificate of Drunkenness 258	○ Toxicological and DNA-Related Proformas 293
○ Intimation of Accidents and Injuries to Police 259	○ Letter to State Forensic Laboratory for DNA Analysis 293
○ Death Intimation to Police 260	○ Letter to Regional Forensic Laboratory for Diatoms Examination 294
○ Sexual Offence Proformas 261	○ Organ Transplant and Brain Death Certification 295
○ Instructions for Doctors in Sexual Offence Cases Examination 261	○ Medical Certification Proformas 303
○ Examination of Accused in Sexual Violence 263	○ Medical Certificate for Leave or Extension or Commutation 303
○ Examination of Sexual Offence Survivor 268	○ Certificate of Fitness to Resume Duty 304
○ Certificate of Sexual Assault–Accused Person Examination 275	○ Identification Form for DNA Profiling 305
○ Certificate of Sexual Assault–Victim/Survivor Examination 276	
○ Checklist of Steps of Medicolegal Examination in Sexual Assault Cases 277	Appendix: Highlights of New Criminal Laws—2023.....307
○ Office of the Police Surgeon and Department of Forensic Medicine 278	○ Highlights of New Criminal Laws—2023 307
○ Medical Examination for Age Estimation 279	○ Tabular Comparison of New Clauses of Bharatiya Nyaya Sanhita (BNS) and Indian Penal Code (IPC) 309
○ Death and Postmortem Proformas 281	○ Tabular Comparison of Bharatiya Sakshya Adhinyam (BSA) and Indian Evidence Act (IEA) 312
○ Postmortem Certificate 283	○ Tabular Comparison of New Clauses of Criminal Procedure Code (CrPC) and Bharatiya Nagarik Suraksha Sanhita (BNSS) 314
○ Furnishing Final Opinion on the Cause of Death 284	
○ Letter to Tahsildar Regarding Viscera Forwarding 285	Index319
○ Letter to RFSL Deputy Director 286	
○ Form to Report Postmortem Examinations, to be Used When Forwarding Viscera to the Chemical Examiner 287
